7 August 2026

PPWR Declaration of Conformity Regulation (EU) 2025/40

Manufacturer: LENEK SIA

Address: Latgales iela 449, Rīga, LV-1063, Latvia

Products: Paper napkins

We hereby declares that all packaging materials used for the production and distribution of paper napkins comply with the requirements of the Packaging and Packaging Waste Regulation (PPWR) Regulation (EU) 2025/40, including the limits for heavy metals and restricted substances.

LENEK SIA does not manufacture packaging materials and does not perform any chemical treatment, printing, coating, or modification of packaging. All packaging is sourced from external suppliers and used as received. LENEK SIA only folds paper and packs finished products using the packaging listed below.

1. Packaging materials used by LENEK SIA

Primary packaging

BOPP foil 30 µm

CPP foil

LDPE foil

HDPE foil

Thermal Transfer Paper Labels (used for sticking onto foil)

Secondary packaging

Corrugated carton boxes

Adhesive tape (scotch)

Thermal Transfer Paper Labels (used for sticking on corrugated carton boxes)

Transport packaging

LLDPE pallet wrapping film (stretch film)

HDPE TOP SHEET foil for pallet top cover

Pallet edge protectors

Wooden pallets

2. Compliance statement

Based on the technical documentation provided by our packaging suppliers and accredited laboratories, we confirm that:

ISO 9001:2015,14001:2015

All packaging materials used by LENEK SIA comply with the heavy metal limits set out in PPWR Regulation (EU) 2025/40.

The heavy metal limit of 100 mg/kg (100 ppm) is assessed for each packaging component separately, in accordance with Article 5(4). Each individual material used by LENEK SIA meets this limit.

Concentrations of lead (Pb), cadmium (Cd), mercury (Hg), and hexavalent chromium (Cr(VI)) do not exceed the regulatory thresholds.

Heavy metal concentrations are not summed across layers, as concentration is a property of each material independently.

LENEK SIA does not add any substances to the packaging and does not alter its chemical composition.

Laboratory test reports and technical documentation are held by the respective packaging manufacturers or accredited laboratories and are available upon request.

3. Technical documentation

LENEK SIA sources all packaging materials from external suppliers.

The technical documentation supporting this Declaration of Conformity — including laboratory test reports for heavy metals — is provided by:

Packaging manufacturers

Accredited laboratories commissioned for testing

LENEK SIA maintains updated compliance documentation and ensures that all packaging used in production meets PPWR requirements.

4. Final statement

This Declaration of Conformity is issued under the sole responsibility of LENEK SIA.

All packaging used in our production process is compliant with PPWR and suitable for placing products on the European market.

Signed:

Vladimir Zaicev
